

**Can't eat coal  
Can't drink gas**

**NSW Election Rally**  
to protect local communities,  
agricultural land and water

**SUN MAR 20, 12 noon**  
**MARTIN PLACE, Macquarie St Sydney**

Coal and coal seam gas mining are expanding at an unprecedented rate, threatening our farmland, our climate, our communities, and our water.

Join environmentalists, farmers and concerned citizens from across NSW to take action to protect our irreplaceable farmland and environment.

This election, demand your politicians put communities ahead of mining profits.

*Food before coal. Water before gas.  
For our land, our water and our future.*

Hope to see you there!

**John Thomson**  
Lock the Gate Alliance

**Pepe Clarke**  
Nature Conservation Council of NSW
